

LEAVE YOUR NECK OR BACK PAIN BEHIND AND BECOME... "THE FACE OF RELIEF"

What is The "Face of Relief" Contest?

This contest is a chance for any local resident suffering from back or neck pain to experience a revolutionary new therapy called non-surgical spinal decompression for free.

This therapy has helped countless thousands eliminate even the most severe back and neck pain caused by conditions such as bulging or herniated discs, sciatica, disc degeneration and so much more without the use of drugs or surgery. The treatment is safe, painless, and effective.

To introduce this breakthrough technology to the community, and to show those suffering from chronic pain that there is hope, Dr. Joseph and Dr. Kathleen Virga have decided to accept applications from area residents explaining how their pain has effected their life and why they feel like their story could be inspirational to other members of the community. One lucky area resident will be chosen to become "The Face of Relief" and will receive a full course of treatment free of charge. All that is asked in return is that you share your story.

Could you be the next person to put their back pain behind them once and for all without the use of drugs or surgery?

How Can I Apply for "The Face of Relief" Contest?

Applying for this contest is easy and can be done in one of two ways:

- 1) Complete the application on the back of this flyer. When complete you may submit your application by fax to (651) 257-1020 or bring it by the office Mon. thru Thurs. between 7am-6pm or Friday between 7am and noon.
